

SPRINT 2

SPRINT GOALS

- ❖ Design the user interface of the application
- ❖ Create the home page to show login options for admin and faculty
- ❖ Design the database to store student and faculty details
- ❖ Create admin page and admin options page

SPRINT BACKLOG

Sprint Task	Module	Priority	Issue Encountered	Start Date	End Date	Status
Sprint 2 : Task 1	Design user interface of application	High	None	09/22/2020	09/26/2020	Completed
Sprint 2 : Task 2	Create home page for admin and faculty	High	None	09/27/2020	10/03/2020	Completed
Sprint 2 : Task 3	Work on designing the database	High	None	10/04/2020	10/10/2020	Completed

RETROSPECTIVE

What went well		What can be improved		Action items
Successfully created the home page to show login options	Team members were assigned tasks that they were aware of which helps increase the speed in each step	Need for more meetings for effective communication.	Deciding on exercises and activities in advance	should start working on creating admin page and design database
Collected required information and necessary resources for the project.	successfully designed the user interface of the application	More resources can be collected with which we can make the project more better
