Sprint 4 : Task 3	Add functionality to view registered students	**High**	**None**	11/12/2020	11/20/20 20	**Completed**

RETROSPECTIVE

What went well

All components planned are delivered on time

Team collaboration went well and team helped each other to resolve the issues

What can be improved

Need improvements in balancing the work and allocation of time to each component of work in an efficient manner.

Action items

preparing the presentation and documents and updating repositories felt a bit rushed
